4. Integrate Mailchimp – Send screenshot or video screen share of the email list (use Loom recorder)

UPDATE: Mailchimp list is now called “Audience”

- **Sign up for a free Mailchimp account**

The screenshot shows the Mailchimp admin interface. At the top, a navigation bar includes a back arrow, a forward arrow, a refresh icon, and the URL "us17.admin.mailchimp.com/#/". On the left, a vertical sidebar contains several icons: a monkey head, a pencil, a list, a megaphone, a person, a calendar, a mail icon, a list of items, a mail icon, and a magnifying glass. The main content area has an orange background with the following text:

No audience, no problem! Build an audience with our free website builder.

Add a subscribe form to your free website and find people that are interested in you. No design or coding skills needed.

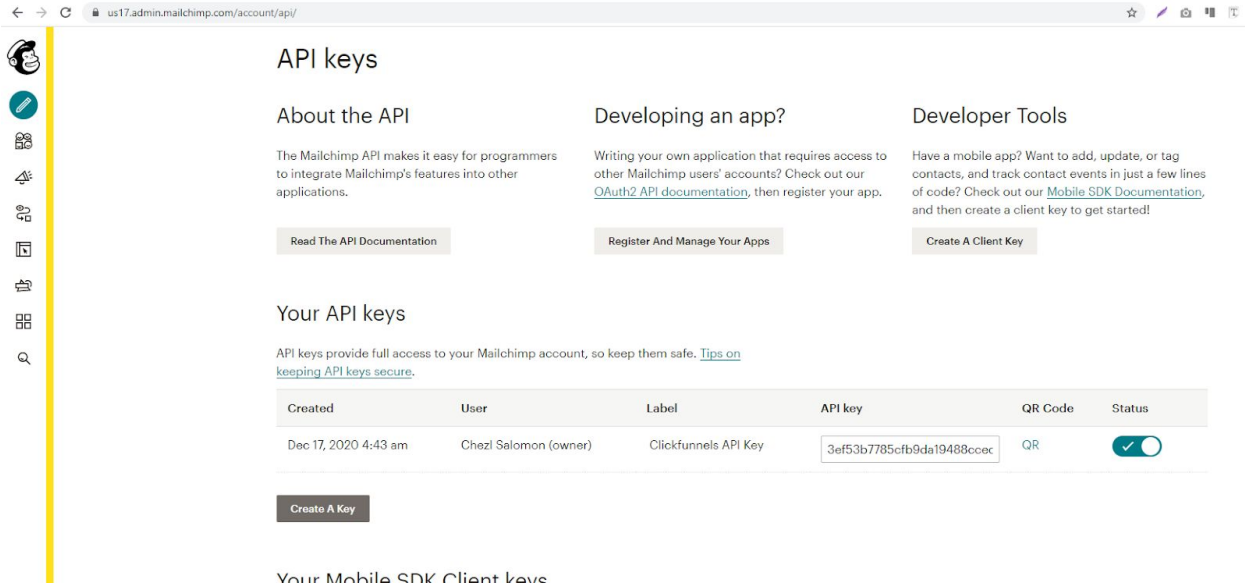

Below the text are two buttons: a teal "Create A Website" button and a grey "Dismiss" button.

Below this section, there is a heading "Here's what's happening" with a "Filter by: All activity" dropdown menu. Underneath is a grey box containing the text:

This section is your feed. Your most important marketing activity will show up here.
Once your campaign is underway, things will look a lot more exciting.

At the bottom of this box is a "Create A Campaign" button.

- **Connect Mailchimp in Clickfunnels**

The screenshot shows the Mailchimp API keys management page. The browser address bar displays 'us17.admin.mailchimp.com/account/api/'. The page is titled 'API keys' and contains three main sections: 'About the API', 'Developing an app?', and 'Developer Tools'. Below these is a table titled 'Your API keys' with one entry for 'Clickfunnels API Key'. A 'Create A Key' button is visible at the bottom.

API keys

About the API
The Mailchimp API makes it easy for programmers to integrate Mailchimp's features into other applications.
[Read The API Documentation](#)

Developing an app?
Writing your own application that requires access to other Mailchimp users' accounts? Check out our [OAuth2 API documentation](#), then register your app.
[Register And Manage Your Apps](#)

Developer Tools
Have a mobile app? Want to add, update, or tag contacts, and track contact events in just a few lines of code? Check out our [Mobile SDK Documentation](#), and then create a client key to get started!
[Create A Client Key](#)

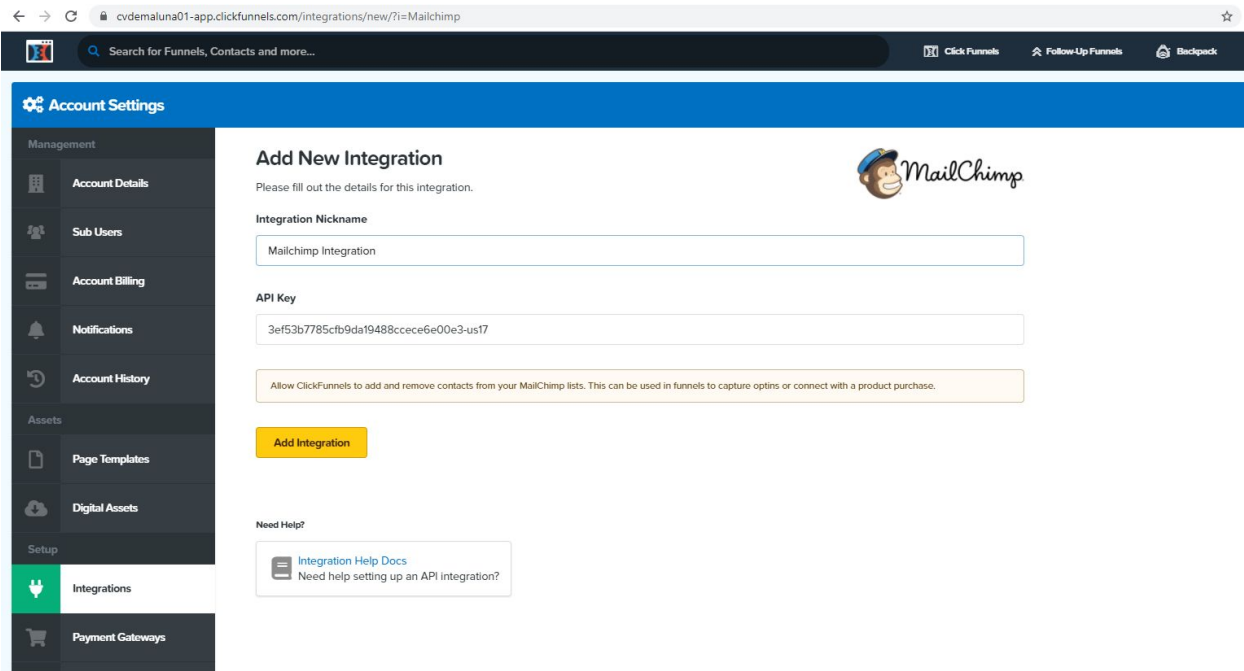

Your API keys

API keys provide full access to your Mailchimp account, so keep them safe. [Tips on keeping API keys secure.](#)

The screenshot shows the 'Add New Integration' page in the Clickfunnels Account Settings. The browser address bar displays 'cvdemaluna01-app.clickfunnels.com/integrations/new/?i=Mailchimp'. The page has a dark sidebar with 'Integrations' selected. The main content area is titled 'Add New Integration' and contains a form for adding a new integration with fields for 'Integration Nickname' and 'API Key'. A 'Need Help?' section with a link to 'Integration Help Docs' is also present.
